On average most operators earn over £250 per week!!!

Hello and thank you for enquiring about becoming a Chatline Operator, being a Chatline Operator is an exceptionally fantastic way to earn excellent money from your own home. We will help you all the way so you can earn as much money as possible! Most of the ladies working in the office have also been Chatline Operators as well so we know the tricks of the trade and can help you all the way.

Build up your regular callers and earn over £400 per week!!!

As a Chatline Operator you will be entertaining callers on the phone, the callers do not know your telephone number and you receive the calls when you want them. The calls are of an adult nature but in order to make the most money possible you must keep the calls clean for as long as possible! For the first few calls you will probably be a bit nervous (we all were!) but we are here to help you and guide you to making brilliant revenues. After the first few calls you will definitely get the hang of it but if you are still a bit nervous give us a call and we will help.

How much am I paid?

We pay you 14p* per minute for your talktime, this equates to around £8.40 per hour. The aim of being a Chatline Operator is to keep the callers on the phone for as long as possible. Most operators earn over £250 per week!

We pay you every two weeks on a Friday – straight into your bank account (we always pay on time)

*Please see rates table under Payment Structure

What are the requirements?

You must be over 18 years old, you need a landline telephone and you must be able to log on for 20 hours per week and complete one night shift per week from 12-6am and you can choose which ever shift suits you best. If you really cannot do a night

shift then we do have a weekend morning shift available from 6am-12pm. You must ask your supervisor about this.

We are extremely busy WE NEED YOU - call us to become an Operator today (0843 308 5511) and start earning fantastic money at your own pace!

What do you say on the calls?

To make the most money from home you must keep the calls clean for as long as possible! You talk to the callers like they are your friends, you tell them general things about your made up character and give them a friendly chat ... then if they want to talk in an adult way you can. So please remember to make the most money from being an operator you keep the call clean and then you move onto the adult chat.

The longer you keep the callers on the phone – the more money you earn!

Average Holdtime and Regular Callers

You will probably hear us talking about your average holdtime so I will explain this to you now. Your average holdtime is how long you are keeping the callers on the phone on average. We work this out by adding up all the minutes you have spoken on the phone and then we divide this number by the amount of calls you have taken. Your average holdtime is really important as this shows how well you are doing. You have to work on your average holdtime, the higher your holdtime is the more money you will be earning. In order to maximise your holdtime you will need to keep the callers on the phone for as long as possible.

If your average is below 4 minutes – you need to call the office for more tips on keeping your calls on the phone for longer.

If your average is over 5 minutes – you are doing ok.

If your average is over 6 minutes – you are doing well.

If your average is over 7 minutes – you are doing great.

Regular callers really top up your money; these are callers that continually call you back and normally for the maximum length of call. In order to gain regular callers you must give your PIN number out to as many callers as possible.

“I really enjoyed our call it was lovely and I would really like to speak to you again, here is my PIN number enter it when the service asks you to and if I’m logged on you will be put straight through to me.”

The more regular callers you have the more money you will be making!

When should I work?

It's up to you! We receive calls 24 hours a day, 7 days a week so you can log on and take calls whenever it suits you. We only ask two things of you:

- That you log on for 20 hours per week (whenever you like) &
- You do one night shift 12am-6am per week (you choose the night)

If you really can't commit to a night shift then the other option is to do a designated shift at the weekend either, Saturday or Sunday morning 6am-12pm. The supervisor will ask you what your designated shift is.

The callers do not know your telephone number and your details are 100% confidential.

Below is important information you need to know on how to use the Chat service – if you need any help after you have been trained please call 0843 308 5511.

» How do I get the calls? «

To receive calls you need to be 'Logged on' how to log on is explained below:

The Log on Line explained – How to log on and take calls

- To log on for calls please call 0843 *** **** (the supervisor will tell you the full number during training)
- Enter your pin and pass number when prompted
- Then press option 1 to log on
- Once you have pressed option 1 the system will read back to you, "You are now logged on."
- You then put the phone down and you will start to receive calls.

The Log on Line explained – How to log off & stop receiving calls

- When you want to stop taking calls please dial the 'Log on Line'
- Enter your pin and pass number when prompted
- Then press option 1 to log off
- Once you have pressed option 1 the system will read back to you, "You are now logged off."
- You then put the phone down and the calls will stop coming through.

Once you are logged on the phone will ring, please pick up the phone and enter your pin number when it asks you to. Once you have entered your pin number the system will then tell you the group number the call is coming through on (the groups are explained below) once this has been said you will then be connected live to the caller

The Groups

The groups you will receive calls on are as below:

Group 1: Strictly clean chat
Group 3: Australian chat strictly clean
Group 4: Hardcore chat
Group 5: Domination / Kinky chat
Group 9: Granny / Mature chat

The groups explained

Group 1 Strictly clean chat > This is the clean and friendly service. You cannot talk about anything sexual on these calls. So if the service tells you that this call is from group 1 you know that the call must be kept strictly clean. You can talk about your hobbies and ask the customer clean questions but just to reiterate this is the clean line and even if the customer starts talking dirty you will have to apologise and tell him politely that this line is for clean chat only (he is told this before he comes through to you live anyway)

Group 3: Australian clean chat > When a call comes through on group 3 you know that this will be a customer calling from Australia. Please remember they are on a different time zone and they are approximately 10-11 hours ahead of us. Australian group 3 calls are clean calls which means that you cannot talk dirty

Group 4: Hardcore chat > As it says on the tin really! You can be as hardcore as you like on calls that come through on this group. There are no restrictions; however as always everything you talk about must be legal. Just to remind you that Anal sex is legal and you can talk about it! In order to maximise your revenues it is still an excellent idea to keep group 4 calls clean but flirty for as long as possible so you can build up your minutes, if you rush into the sex chat the call will not last that long.

Group 5: Domination / Kinky > You will not get as many calls come through on this group but it is a good idea to do your research into the fetish world as these customers like long and repetitive calls. This group covers domination, submission and kinky fetishes e.g. PVC and spanking. If possible I would look on the internet and do some research into the 3 categories above. Dom, Sub and Kinky customers like quality calls and they will know if you haven't done your research! If you do need any extra help on this group please call into the office or speak to a supervisor.

Group 9: Granny / Mature chat > This is a very popular group and you will get quite a few calls come through on group 9! It is true that not every man likes a 21 year old skinny blonde and here is the evidence! The customers coming in on group 9 like the ladies to be as old as possible. The older the better! You can chat sexual on this service but again I would chat clean for as long as possible so you can build your minutes up. If you could imagine your fiction character that you will be using but as an older version, perhaps you could put on an old croaky voice as this would definitely make it a more realistic experience for the customer.

Please remember

Group 1: Strictly clean chat – **NON SEXUAL**
Group 3: Clean chat from Australia –**NON SEXUAL**
Group 4: Hardcore chat - **SEXUAL**
Group 5: Domination / Kinky chat – **SEXUAL**
Group 9: Granny / Mature chat – **SEXUAL**

PLEASE NOTE YOU WILL BE RECEIVING CALLS FROM ALL OF THE GROUPS AND YOU CANNOT REQUEST TO ONLY TAKE CALLS FROM ONE GROUP.

Introduction messages >

You will need to record a message for the above groups – this only has to be done once!
MESSAGES MUST BE 1 MINUTE LONG MINIMUM

Your message must tie in with the group you are recording it for, e.g. if you are doing your message for group 9 Mature then your message must describe yourself in a mature way. Basically the messages are just introductions of your character.

If you are unsure about the messages don't worry! The supervisor will go through the messages with you.

Tips for Message / Group 1 – Clean message

Message / Group 1 - This message has to be clean, you can be suggestive but you can't mention anything rude! It's best to go along the lines of describing what you look like in great detail. If your fantasy character has blonde hair and blue eyes, elaborate that in greater detail...like "I have shoulder length blonde flowing hair, huge big blue eyes etc..." Because group 1 is clean you have to put in that extra effort to make it sound interesting. You also cannot mention children or animals, you cannot say bum, boobs your bra size sexy or curvy. To make your recordings the required length pad them out with lots of things your character likes to do, like going to the gym, going out with friends for a meal or to the cinema.

Tips for Message / Group 3 – Australian chat

Callers coming through on group 3 are from Australia! Your Introduction message on group 3 must be clean it can be the same as groups 1.

Tips for Message / Group 4 – Hardcore message

In this message you can be as rude as you like although it is best to keep them in suspense about some things, so when they come through live you still have things to talk about! Keep the same character as you did in group 1 but add things in that are of an adult nature. E.G bums, boobs and what kinds of things your character likes sexually.

Tips for Message / Group 5 – Domination / Kinky message

A lot of men have Kinky fantasies this can include, Gangbangs, leather, PVC, Domination, Submission, bondage, water sports, foot worship and punishment. The list is endless! You can keep the same character as message 4, but you have to mention that you like kinky things in this introduction, or you can be a mistress or a submissive bitch. Please include some of the above fetishes into your group 5 message so the customer knows this is a specialist group.

Tips for Message / Group 9 - Mature ladies / Granny chat

The callers that come through on the mature lady line or granny line as we like to call it really do want you to be old. If you have a young voice you can say that you are late 40's, if you can pass for any older that's even better. They want old ladies so if you put yourself at an age of over 50 you will get even more calls. You can use what you put in your group 4 hardcore message; keep the same character just change the age to something older.

Please remember that if you are having difficulty with your messages then you must speak to the office who will help you with every message.

Important > The messages are the first thing the customer hears, so you must make them enticing, exciting, personal and friendly. You are trying to make the caller come through to you, he wants a realistic exciting experience and your messages must relay that. Again if you are stuck for words please call into the office.

How to record your messages > Dial the ‘Log on Number’. Then enter your pin and pass number when prompted, there will then be a message “you need to record groups 1,3,4,5 and 9 It will ask you to enter a ‘code group’ number, this is just the numbers of the groups e.g. 1,3,4,5 & 9. Once you have recorded each message and have saved them please call into the office so we can check they have been saved ok, your messages are not played out on loudspeaker it will only be your supervisor who listens to them.

.....

IMPORTANT THINGS TO REMEMBER

- All calls must be answered within **three** rings of your phone.
- Your phone must not be **engaged** whilst you are logged on.
- You must not miss calls whilst you are logged on.
- Please try to make and receive personal calls when you are logged off.
- Our system will tell us if you have missed calls when you are logged on, if you miss calls you will be logged off.
- You must not speak dirty / adult on group 1 or 3 calls. We are very strict on this.
- You must not have **call waiting, ring back service, withheld call barring, BT 1571, NTL answering service or any voicemail service** on your phone line when you are logged on. These services normally stay on your line permanently so you will have to call your Service Provider and ask for them to be removed, this usually take 1-2 days to complete.
- You are not allowed to use a mobile to answer calls it must be to a landline.
- All Chatline calls are recorded in compliance with the ‘Phone Pay Plus’ code of practice. Your personal details are kept completely confidential at all times and the only person who may listen to your calls wearing headphones are the office supervisors. Nobody else except management have access to the voice recordings. Calls are routinely monitored for breaches in the regulations.
- LiveLines UK Ltd is registered with the Data Protection Act (1998) and your personal data is kept in compliance with the Act. All your details are kept completely confidential at all times.

We are licensed by Phone Pay Plus the regulator for Premium Rate Phone services, and we have to adhere to certain regulations whilst taking calls – they are listed below. If you do not fully understand the regulations then you must speak to the office before you start to take calls. We listen to calls to ensure that regulations are being met by all operators so please ensure you take your calls within the regulations.

THE REGULATIONS

Regulation Notice:

We are one of the busiest chat services within the UK and in order to continue the excellent service we provide we routinely monitor operator's calls. Please adhere to all the regulations, if you break any of the regulations below your pay rate will be decreased to 7p per minute (it will be put back to normal rate on the next pay run)

If you take a call and the caller is not obeying the regulations then you must terminate the call, to terminate simply say "I'm terminating this call." And put the phone down.

Personal Details & Meeting:

Never give out any of your personal details, it doesn't matter how genuine the caller sounds. The same applies to the caller; you must not agree to ring him on his personal phone, agree to meet with him or take down any of his personal details.

Do not give out any telephone numbers on the service, this includes your own, another Premium Rate Number or tell the caller to look for another Premium Rate Number to dial into.

Underage Callers:

If you think that a caller is under the age of 18 years old, you must terminate the call straight away (do not prolong the caller in any way). You must inform the caller "I think you are under the age of 18, I'm terminating the call." We are very strict with underage callers and under no situation will any Operator make conversation with minors; this applies on every single group including the clean group. If you have any doubt about a caller's age please ask for his date of birth, please note that underage callers may have already remembered a 'fake' date of birth so it is better to terminate the call if you have any doubt. If an Operator continues a call with an obvious minor they will be disabled immediately. This regulation applies to all the calls you receive including the clean calls.

Silent Callers:

If the caller will not speak on the service then you have to terminate the call as the caller could be underage. If the caller has spoken and you can tell he is over 18 then he can stay silent for the remainder of the call. However if the caller has said nothing you must terminate the call within a minute of the call starting.

Incest and Underage:

Under no circumstances should you converse in a conversation that includes incest or under age sex (under 18 years) you must not give the caller advice on their problem or talk about it. You must terminate the call without any hesitation. Please note you hardly get any calls of this nature as all callers know that the calls are recorded.

Caller not paying for a call or using a stolen phone:

If a caller says he is not paying for his call, he has free minutes, he is using someone else's phone without their permission or he is using a stolen phone then you must terminate the call. If you suspect that a caller is not paying for his call then you may ask him, if he says he is paying the bill then it is fine to carry on the call.

Clean chat calls

Please do not tell callers to dial into another number or tell them to try and find a hardcore chat call or just hang up on the caller because the call is clean chat. Just like any other call, clean chat calls are part of the service and the customer is required to receive an excellent service from us. You must keep the content clean on the clean chat calls, if you speak adult on the clean chat calls this is classed as breaking regulations.

- Do not put the phone down on a caller unless he has broken a rule or is talking about something illegal.
- Inappropriate call handling is also classed as breaking regulations and this can include hanging up on the caller for no reason, not speaking to the caller, not speaking on the call straight away, telling a caller to dial another number, being rude to the caller, falling asleep on the caller, not giving the caller a satisfactory service or allowing someone else to take your calls which is definitely not allowed.

Subjects to be avoided

- Encourage or incite the caller to commit a criminal offence.

- Cause a grave offence by reason of sexual or violent content.
- Induce or promote racial disharmony.
- Encourage, incite or suggest to any caller the use of harmful substances
- Induce an unacceptable sense of fear or anxiety.
- Result in any unreasonable invasion of privacy.
- Misled any person with respect to the content or cost of the service being offered.
- Sexual entertainment services must not contain any reference to involvement of persons under the age of 18 at any time.
- Violence, rape, drugs, bestiality, terrorism and prostitution must not be talked about.

**These regulations may seem a bit daunting but your Supervisor will go through these with you.
Hardly any of the calls have to be terminated as all the customers are told the calls are recorded.**

***If a caller has a complaint about the service please give him the office number
0843 308 5511.***
